OLIWA PARK

The entire Park covers more than 11 hectares of land and, together with the Oliwa Cathedral, constitutes a complex of monuments on an international scale. It is divided into a public area and a botanical area. Here you will find a palm house, more than 2,000 trees, ponds, a botanical garden or a whispering grotto.

Oliwa Park is one of the most important attractions in Gdansk for residents and tourists, also because of cultural events.

CYCLE PATHS

The Tricity has a very well developed structure of cycling routes. There are many possibilities for cycling trips for enthusiasts of two wheels in the vicinity of the facility. Even because we are located on the border of the Tricity Landscape Park and Oliwa Park.

1.5 km - 20 min walk from Oliwa Park residence you will find the viewing terrace on the 32nd floor of the Olivia Star. From this place, almost the entire Tricity can be viewed. The view is unforgettable. And you can see our facility, Oliwa Park, the Port of Gdansk and Oliwa Cathedral, among others.

We are approximately 7 km from the centre of Gdansk. You can start your historical walk through the Old Town from the Upland Gate, walk along Długi Targ and say hello to Neptune, stroll along the Motława River passing by Crane Gate and admire Granary Island. Then you can visit Westerplatte, learn about the new face of the Gdansk Shipyard and visit numerous museums.

SOPOT

The centre of Sopot is just 4 km away. It is a true land of relaxation, leisure and entertainment. Numerous restaurants, cafés, discos and pubs will provide just the right experience to keep you from going home too early. A walk along the famous Sopot Monciak can end at Europe's longest pier, which measures as much as 511.5 metres! To the brave people, we recommend winter swimming and relaxing in the sauna with a sea view.

GDYNIA

Gdynia not only inspires with its dynamic development and business, but also provides many tourist attractions. The town's beach with its children's playground, seaside boulevard and marina encourage long walks. A little further on, the Redłowo cliff and Orłowo pier give a sense of true relaxation in a beautiful natural setting.
